

Paracombe Primary & Preschool

P-6 School - Vision

Through Community we thrive.

At Paracombe Primary & Preschool (P-6) we collaboratively provide a solid foundation where students are supported to actively learn, thrive, and be respectful, innovative risk takers.

Students: Our students learn and grow in knowledge, empathy and respect within our school and the wider community. Their creativity, innovation and curiosity is encouraged to blossom, because within our culture we've embedded a healthy risk-taking mindset.

Staff: Our staff promote and demonstrate the virtues of our school. We mentor our students and use our skilled expertise to support and challenge them to achieve their learning milestones. We create an awareness of the importance of community; the world, and illustrate self-reflection.

Families: We support and promote communication and engagement within and beyond the classroom environment. Our community programs provide the school with valuable resources, wisdom and social engagement.

Our Core

(Updated November 2022)

Mission: We resourcefully create a learning environment that instils our students with the ability to use their imagination and innovation to overcome daily challenges. We supportively nurture an individualised academic pathway to success that encompasses "Now, New, Next for every student!"

Preschool Philosophy Statement

Paracombe Primary & Preschool

Experience the Belonging, enjoy the Being and look forward to the Becoming.

We are a community of learners who acknowledge the Peramangk and Kaurna people who were here before us. We also seek to connect with the land and continue the caring for the environment for future generations.

Belonging; in early childhood and throughout life: respectful, caring, and loving relationships are crucial to a sense of belonging. (Early Years Learning Framework)

Being; in the moment of being young: curious, risk-taking adventurers who are playful explorers of their own world.

Becoming; we lay the foundations through play, as young children learn and grow to become participating members of the community and society.

Paracombe Primary & Preschool facilitates strong community connections and transitions within our unique learning environment. We celebrate nature, family and children's wellbeing.

Our community understands the responsibility we hold for our local natural environment to care for it, play with and in it, learn from it and give back to it where we can.

Educators support, encourage and guide children to co-construct their learning and to become documenters of their successes and discoveries, incorporating their own interests and discovering their identity.

We frame our planning using the Early Years Learning Framework connecting to our P-6 site focus:

Now, New and Next for every child - Through Community we thrive.
